99.1 Press Release dated November 29, 2017

Forward Pharma Files Further Written Submissions in the European Opposition Proceeding for the EP2801355 Patent in Preparation for the Oral Hearing in January 2018

COPENHAGEN, Denmark, Nov. 29, 2017 (GLOBE NEWSWIRE) -- Forward Pharma A/S (NASDAQ:FWP) (“Forward” or the “Company”) today announced the filing of further written submissions in the European Opposition Proceeding for the EP2801355 patent (“the ‘355 patent”) with the Opposition Division of the European Patent Office (“EPO”).

“We continue to vigorously defend our intellectual property and have filed strong argumentation to uphold our issued ‘355 patent,” said Dr. Claus Bo Svendsen, CEO of Forward. He further added, “both the ‘355 opposition and the U.S. appeal are progressing as planned and we expect decisions in both Europe and United States in 2018.”

The filing will become publicly available via the European Patent Register. An oral hearing is currently scheduled for January 29-30, 2018. The Opposition Division typically issues a decision at the conclusion of the oral hearing, with more detailed reasons for the decision being issued in written form later. There is the possibility to appeal the decision of the Opposition Division to the Technical Board of Appeal, with an expected duration of the appeal process of an additional 2-3 years.

About Forward Pharma:

Forward Pharma A/S is a Danish biopharmaceutical company that commenced development in 2005 of FP187, a proprietary formulation of DMF for the treatment of inflammatory and neurological indications. The Company granted to Biogen an irrevocable license to all of its IP through the recent Settlement and License Agreement and received from Biogen a non-refundable cash fee of \$1.25 billion in February 2017, with the return of EUR 917.7 million to shareholders through a capital reduction in September 2017. The Company has the opportunity to receive royalties from Biogen on sales of Tecfidera[®] or other DMF products for MS, dependent on, among other things, successfully appealing the U.S. interference and a favorable outcome in Europe with respect to the EP2801355 opposition proceeding.

The principal executive offices are located at Østergade 24A, 1st Floor, 1100 Copenhagen K, Denmark and our American Depository Shares are publicly traded on NASDAQ Stock Market (FWP). For more information about the Company, please visit our web site at <http://www.forward-pharma.com>.

Publicly available information from the European Patent Office can be located at the European Patent Register at <https://register.epo.org/regviewer>.

Forward Looking Statements:

Certain statements in this press release may constitute “forward-looking statements” of Forward Pharma A/S within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements include, but are not limited to, statements which contain language such as “believe”, “expect”, “anticipate”, “estimate”, “would”, “may”, “plan” and “potential”. Forward-looking statements are predictions only, which involve known and unknown risks, uncertainties and other factors that may cause actual results to be materially different from those expressed in such statements. Many such risks, uncertainties and other factors are taken into account as part of our assumptions underlying these forward-looking statements and include, among others, risks related to the following: the satisfaction of certain conditions, and the accuracy of certain representations of the Company, in the Settlement and License Agreement entered into with subsidiaries of Biogen Inc. and certain other parties thereto; our ability to obtain, maintain, enforce and defend issued patents with royalty-bearing claims; our ability to prevail in the interference proceeding after all appeals and obtain issuance of the ‘871 application; our ability to prevail in or obtain a favorable decision in the ‘355 European opposition proceeding, after all appeals; the expected timing for key activities and an ultimate ruling in such legal proceedings; the issuance and term of our patents; future sales of Tecfidera[®], including impact on such sales from competition, generic challenges, regulatory involvement and pricing pressures; the scope, validity and enforceability of our intellectual property rights in general and the impact on us of patents and other intellectual property rights of third parties; and our ability to generate revenue from product sales in the U.S. directly or through an assignee of our U.S. co-exclusive license rights in the event Biogen does not obtain an exclusive license from us in the U.S. Certain of these and other risk factors are identified and described in detail in certain of our filings with the United States Securities and Exchange Commission, including our Annual Report on Form 20-F for the year ended December 31, 2016. We are providing this information as of the date of this release and do not undertake any obligation to update any forward-looking statements contained in this press release as a result of new information, future events or otherwise.
